Casting er bare optimalisert for utvalgte tjenester. Bruk telefonen på en større skjerm. For Chromecast and Chromecast built-in interaction models, tabs, windows or popups cannot be created in the Web Receiver app, nor can the Web Receiver app directly accept user input, such as taps or swipes. All the user action (taps and swipes) takes place on the sender device rather than on the TV. When used on white, light, or medium-toned background, use a black badge. In any marketing asset that uses "Chromecast" in text or the badge/logo, you must include the following legal attribution: Chromecast is a trademark of Google LLC. Speed matters. A list of products published by you. Chromecast er kompatibel med Apple®- og Android-enheter. When written in text, "Chromecast" should be capitalized, and "built-in" should be lowercased. Trykk på cast-ikonet i en kompatibel app for å bruke appene dine på TV-en.2 Velg hva du ser, fra Android-enheter eller iPhone®.1 Strøm blant annet nettstedet fra datamaskinen. When used on a black or dark-toned background, use the white badge. Note: Only use the provided AC adapter. You can similarly use a Chromecast badge as long as your app or device complies with our badging guidelines. For Cast devices brand guidelines see the Partner Marketing Hub. Speil Android-enheten din til TV-en. Google reserves the right to request that you modify your use of the badge if it does not comply with the brand guidelines. Sender interface: The sender supports user actions and the Web Receiver displays state information. Se presentasjoner, bilder og dokumenter på en større skjerm. Do not put Chromecast in the title of the app (such as XYZ Chromecast App). Rather than abruptly moves from state to state, use transitions like fade-in and fade-out. For example, if you press a button on a mobile device to pause the content, the TV should indicate that it is paused, while the mobile device should provide a play button to resume playback. Note: If your device restarts while you were casting, try casting your content again. Bruk cast-ikonet for å strømme til TV-en fra kompatible musikkjenester, for eksempel Spotify.2 ("signed-out"; {"showDisclaimers": false, "showForm": true, "ctaLabel": "Registrer deg", "ctaAriaLabel": ""}, {"signed-in"; {"showDisclaimers": false, "showForm": true, "ctaLabel": "Registrer deg", "ctaAriaLabel": ""}, {"subscribed"; {"showDisclaimers": false, "showForm": false, "ctaLabel": ""}, {"ctaAriaLabel": ""}, {"ctaUrl": ""})3 Chromecast og Chromecast Ultra krever en TV med HDMI-port, et Wi-Fi-nettverk og en kompatibel datamaskin eller mobilenhet (Android, iOS, Windows eller Mac OS). Due to hardware and resource limitations, there are certain restrictions placed on Chromecast-enabled applications: The Cast device is a low-power device with memory, CPU and GPU limitations, so the Web Receiver application should be as lightweight as possible. User interaction should only take place on the Cast sender (phone, tablet, or Chrome browser), not the Web Receiver (TV). Strøm innhold fra enhetene dine til TV-en. Step 2. Download the Google Home app On your mobile device or tablet, download the Google Home app. Vil du strømme musikk til TV-en? Only one video element may be active in the DOM at any time. Genial og enkel. Can't wait to cast? Keep some distance between the badge and other logos and icons on your page. When possible, transitions from one screen state to another should be smooth and feel cinematic. Bruk Chrome-nettleseren for å se og lytte til videoer, bilder, musikk og annet innhold på TV-en.3 Bare klikk på cast-ikonet i nettleseren, og velg Chromecast-enheten din. Using "Chromecast" in text When describing an app (not a hardware product) as being Cast-enabled, use the phrase "Chromecast-enabled". Genial og enkel. Cast supports a single concurrent media stream playback in the and tags, or multiple audio tracks using the WebAudio API. Smart Displays support user input through a sender app or via touch on the UI. Er det første gang du bruker Google Home-appen? A specific app detail page published by you, on Google Play, or in the Apple App Store. Flere vilkår kan gjelde, og/eller flere kostnader kan påløpe.4 Tjenesten til bestemte Chromecast-funksjoner, -tjenester og -apper avhenger av enheten du bruker med Chromecast, og Internettilkoblingen.5 Minimumskravene for operativsystemer for Google Home-appen finner du på g.co/home/req.iOS er et varemerke som tilhører Cisco og brukes på lisens. Koble til Chromecast, så vises den automatisk i Google Home-appen. A list of apps published by you. Klikk her hvis du ikke finner enheten din i appen. Users need to be able to quickly locate the casting control and see content start playing immediately on the large screen. Brand guidelines The following Chromecast brand guidelines are for app developers and focus on the additional requirements you must comply with to describe your app in text. Dette er Google Home-appen.4 Konfigurer enheter, styr medier og få personlige anbefalinger på telefonen. When used online, the Chromecast badge must link to one of the following: Google's list of Chromecast-enabled apps and products, currently at g.co/castapps. Do not modify the color, proportions, spacing or any other aspect of the badge image. Casting relies on the coordination between two or more screens; the sender UI and the receiver UI — they must work together. When describing a Cast-compatible third-party hardware product, use "Chromecast built-in TV", "Chromecast built-in Speaker" or just "Chromecast built-in". For example, if content is paused, the TV should indicate that it is paused, while the mobile device indicates it is ready to start playing (for example, showing the user a play button). 3 Trykk på cast-ikonet i en Cast-kompatibel app. Strøm innhold fra enhetene dine til TV-en. In this way, all actions on the application must be triggered from a sender application. Mac®, OS X® og iPhone® er registrerte varemerker som tilhører Apple Inc. Chromecast-enabled app messaging You can promote your app as follows: "XYZ is a Chromecast-enabled app which lets you stream your favorite entertainment from your mobile device to your TV." "The XYZ app is now available for TVs with Chromecast built-in." "The XYZ app is now available for all Chromecast products including Chromecast, Chromecast Audio, and TVs and speakers with Chromecast built-in." "The XYZ app is Chromecast-enabled, allowing you to enjoy all your favorite shows/movies/music/games on your TV with Chromecast built-in." "The XYZ app now has Chromecast support, allowing users to stream content from their phone to their TV with Chromecast built-in." Chromecast badge You can use the "Chromecast" badges on your website, app store listing, marketing materials and promotional materials to display compatibility with devices that use the Cast protocol. A specific product detail page published by you. 1 Koble til Chromecast, og gå til chromecast.com/setup.1 Koble Chromecast til Wi-Fi-nettverket ditt. As such, WebGL and Chrome Native Client (NaCL) are not currently supported, nor are Chrome extensions. Plug the other end of the USB power cable into the included power adapter, then plug it into a wall outlet. Se etter cast-ikonet i navigasjonsmenyen i Google Home-appen.3. Tilgjengelige tjenester og tilgjengelig innhold varierer fra land til land. Remember that the video action is happening in the middle of the TV screen, and your UI elements should not interfere with the presentation. Se populært videoinnhold på Chromecast-kompatible apper. While content is loading, provide animated loading indicators and use transitions to help make things feel faster. Windows® er et registrert varemerke som tilhører Microsoft Corporation i USA og andre land. The Web Receiver is a Chrome browser optimized for video playback. Du finner mer informasjon i Chromecast-brukerstøtten.7 Noen typer innhold krever abonnement. Chromecast allows Android, iOS, and Chrome web apps to "stream" content — like video, audio and screen sharing (mirroring) — to Cast-ready devices like: Chromecast Chromecast built-in TV (also known as TV with Chromecast built-in) Chromecast built-in Speakers (also known as Speakers with Chromecast built-in) Smart Displays (a portable touchscreen LCD monitor used as a thin client) In the Cast interaction model, the mobile phone, tablet or laptop is the sender which acts as a remote control to control the playback, and the TV is the receiver which receives instructions from the sender and displays the content from the receiver's Internet connection. Vil du bruke Chromecast med iPhone? Connect the USB power cable to your Chromecast. Step 3. Set up Chromecast Follow these simple Chromecast setup instructions. Download Chromecast badge assets The download bundle includes Portable Network Graphics (.png), Adobe Illustrator (.ai), and Encapsulated Postscript (.eps) formats. Get started with these simple steps: Plug Chromecast into your TV. Place UI elements within the lower third of the Web Receiver display, leaving a 10% margin from the edges of the screen for possible overscan. For example: "This app is Chromecast-enabled". The easiest way to ensure that your Cast application follows these principles is to review your user interface with the Cast Design Checklist and test your Cast applications. Trykk på cast-ikonet i en Cast-kompatibel app. Dette er Google Home-appen.4 Finn de nyeste funksjonene, tipsene og tilbudene. Don't make the badge the primary element on your page. Web Receiver interface: The Web Receiver should not have any interactive elements, only informational elements to describe the state of the app, such as paused or playing, or error messages. chromecast built in badges.zip Preview Chromecast badges Blue logo and white text on black background White logo and white text on white background Koble til Chromecast, og gå til chromecast.com/setup.1 Koble Chromecast til Wi-Fi-nettverket ditt. When used alongside logos for other ingredient technologies (for example, Bluetooth, Spotify Connect, AirPlay, etc.), the Chromecast badge must be of equal or greater size. Overall design principles Keep the following in mind as you develop your user interface. For example, the Web Receiver app can display a pause button, but cannot receive a user's tap — instead, the user must tap on the sender's pause button. Don't use the badge on a page that contains or displays adult content, promotes gambling, promotes violence, contains hate speech, involves the sale of tobacco or alcohol to persons under twenty-one years of age, violates other applicable laws or regulations or is otherwise objectionable. For example, the content-loading state lingers on-screen and fades into the media playing experience. Step 4. Cast content Learn how to cast from Chrome to your TV or cast from Chromecast-enabled apps to your TV. Tilgjengeligheten og ytelsen til funksjoner og tjenester avhenger av appen, enheten og nettverket, og det kan hende disse ikke er tilgjengelige i alle områder. However, please be sure that your app complies with the Cast SDK Additional Developer Terms of Service and the Design Checklist, and that your use of "Chromecast-enabled" complies with our branding guidelines. Additionally, video compositing, manipulation, transformations, rotations or zooming are not supported. Minimumskravene for operativsystemer finner du på g.co/cast/req. Click one of the buttons below to download the Google Home app on your mobile phone or tablet. Tap the button below to download the Google Home app on the Play Store Tap the button below to download the Google Home app on the App Store Oversikt Tekniske spesifikasjoner Konfigurerings og tips Apper og partnere Start strømmingen på sekunder. You can let others know that your app works with Chromecast built-in by using the term "Chromecast-enabled".

Trezor device with an increasing number of independent cryptocurrency wallets and online services. Please note that some of the presented third-party wallets and services still ... 16/03/2020 · In Chrome on your Mac, click on the More button again, and this time, choose Cast. That will send the current tab to your TV screen. If you have more than one Chromecast connected to your Wi-Fi network, you will need to select which one you want to cast to. To cast your entire screen, click on Cast, then Cast to , and choose Cast desktop. 14/09/2020 · After you have signed in a user with Google using the default scopes, you can access the user's Google ID, name, profile URL, and email address. Important: Do not use the Google IDs returned by `getid()` or the user's profile information to communicate the currently signed in user to your backend server.
